

**NASPCC Webinar Series Presents:
“What’s New in Active Surveillance in 2021”**

With Laurence Klotz, MD, FRCSC

Tuesday, October 12, 2021 from

7:00 pm – 8:00 pm EASTERN / 4:00 pm – 5:00 pm PACIFIC

To register for this event, please click [here](#) or visit the NASPCC website at www.NASPCC.org

Dr. Klotz is Professor, Department of Surgery, University of Toronto; Chief, Division of Urology, Sunnybrook Health Sciences Center; Chair, Canadian Uro-Oncology Group; and NCIC GU Site Group Editor in Chief (founding), Canadian Journal of Urology; Chair, Global GU Oncology Group, and Chair of Prostate Cancer Research at Sunnybrook Health Sciences Centre in Toronto.

Dr. Klotz has a long-standing interest in the conservative management of prostate cancer and is the principal investigator on a number of clinical trials evaluating the role of various interventions and imaging studies in men on active surveillance. He was in the forefront of key opinion leaders looking into Active Surveillance long before it was as widely accepted for early prostate cancer as it is now.
