

Wednesday March 12th, 2025 from 6 pm to 7 pm CET

Europa Uomo's webinar on "PROCANCER-I PROJECT: ARTIFICIAL INTELLIGENCE IN THE DIAGNOSIS OF PROSTATE CANCER"

Led by Tania Estapé (ES) – Board member Europa Uomo

Speaker: KAI VILANOVA; MD, PHD

Chief MRI Department. Clínica Girona.

Staff consultant. Institute Diagnostic Imaging (IDI).

University Hospital Dr. J. Trueta/Hospital Sta. Caterina. Girona.

Researcher. Institute of Biomedical Research of Girona Dr. Josep Trueta (IDIBGI)

Associate Professor. Coordinator of Radiology. Faculty of Medicine.

University of Girona.

Director School of MRI. European Society of Magnetic Resonance in

Medicine and Biology (ESMRMB) Girona, Spain.

Register in advance for this meeting:

Zoom link: <https://us02web.zoom.us/meeting/register/Ec-3i5dYSVOuKyr3zNgcpw>

After registering, you will receive a confirmation email containing information about joining the meeting.

Programme:

- Welcome / Introduction by Prof. T. Estapé
- "ProCancer-I project: Artificial intelligence in the diagnosis of prostate cancer" by Dr. K. Vilanova
Summary: It will be shown the European research project ProCancer-I. The objective is to develop Artificial Intelligence tools applying magnetic resonance to improve the different stages of prostate cancer: from diagnosis, staging, characterizing the degree of aggressiveness of the tumor, detecting early metastases and recognize in advance the type of cancer which only needs to be followed without the need to perform active treatment.
- Q&A
